End Application:

An/gra-111, an/tra-45, an/trn-26

Functional Description:

Precision, attenuation measure

General Description:

Includes body, connector, loop coupling, resistor, 2 set screw socket hd. 2-56 by 0.125 in. Lg; loop coupling soldered to body and resistor

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli
