End Application:

Radio navigation equipment, except airborne

Functional Description:

Airflow remote alarm circuit, h. F.

General Description:

Case, metal, one; bracket, mounting, one; with two holes, unthreaded; 4.500 in. Lg; 4.000 in. W; 3.750 in. H

Type/model Designation:

A-17123

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli
