**Ac Voltage Rating:**

110.0 volts

**Dc Voltage Rating:**

12.0 volts

**Accessory Component Quantity:**

4

**Electrical Power Source Relationship:**

Self-contained

**Internal Battery Accommodation:**

Not included

**Installation Design:**

Portable

**Frequency Channel Type And Quantity:**

12 receiving

**Special Features:**

Fully gasketed, high-impact plastic alloy; waterproofed and floats; battery life: up to 16 hours

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

Yes - demil/mli

**Fig:**

T198-b
