Voltage In Volts And Current Type:

110.0 ac

Special Features:

Allows re-radiation of the gps l1 signal indoors; consists of active roof antenna, re-radiating amplifier with a wall-mount plug-in transformer and a passive re-radiating antenna; porm 20db gain; tnc connector

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli
