Overall Length:

9.625 inches

Overall Height:

3.375 inches

Overall Width:

6.000 inches

Mounting Configuration:

Four 0.125 in. Diameter mtg holes irregularly spaced

Special Features:

Consists of: filter and reactor assembly, audio chassis assembly, tray and terminal board

Fsc Application Data:

Receiving set, radio, navigation airborne

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A51110
