Installation Design:

Mechanical

Circuit Construction Type:

Electron tube

Connection Type And Location:

Receptacle, power left side and integral cable w/coaxial plug right side

Connection Contact Type And Quantity:

7 receptacle, power external

Fsc Application Data:

Radio navigational set, tacan

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A32200
