End Application:

An/arn-13 (v)

Inclosure Type:

Encased

Terminal Location:

Back

Power Source:

External

Mounting Method:

Rack

Terminal Type And Quantity:

1 connector, receptacle

Intelligence Data Handling Capability:

Tacan receiving manual and tacan transmitting manual

Criticality Code Justification:

Feat

Product Name:

Control, receiver-transmitter-c-10994/arn-13 (v) or tacan control

Special Features:

Nvis conversion

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A31700
