End Application:

An/arn-14 (v) ; fixed wing acft

Criticality Code Justification:

Feat

Special Features:

Qcontains parts and assemblies that are susceptible to electrostatic discharge; this item is a vor/ils/gb receiver w/analog instrumentation outputs and is 1553b compatible; 28vdc input; rmi driver requires 26vac input

Relationship To Similar Equipment:

Same as p/n 622-6376-005 except includes upgraded vor/loc receiver and synthesizer modules that are fm immunity compatible

Type/model Designation:

Vir-130a

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

T199-d
