**End Application:**

Airbus

**Usage Design:**

Mmr global landing system

**Special Features:**

Provides high integrity cat iiib ils and gps landing function; can be expanded to inc. MIs and gls functionality

**Functional Description:**

Ksupports aircraft's primary position, velocity and time requirements; 3 mcu form factor installed in the ils 900/700 location in the aircraft; integrates arinc 755 landing capability with arinc 743a gnss sensor

**Type/model Designation:**

Glu-920

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

Yes - demil/mli

**Fig:**

A23800
