End Application:

Airbus

Usage Design:

Mmr global landing system

Special Features:

Provides high integrity cat iiib ils and gps landing function; can be expanded to inc. MIs and gls functionality

Functional Description:

Ksupports aircraft's primary position, velocity and time requirements; 3 mcu form factor installed in the ils 900/700 location in the aircraft; integrates arinc 755 landing capability with arinc 743a gnss sensor

Type/model Designation:

Glu-920

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A23800
