Overall Length:

3.750 inches

Overall Height:

2.094 inches

Overall Width:

2.875 inches

Ac Voltage Rating:

26.4 volts

Frequency Rating:

60.0 hertz

Electrical Power Source Relationship:

Operating

Internal Battery Accommodation:

Not included

Special Coding:

Provided

Keying Method:

Electromechanical

Phase:

Single

Fsc Application Data:

Communication and public address system

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

T187-e
