Switch Position Quantity:

3

Component Document Origin:

Industrial

Document Source:

71483

All Station Position:

Included

Transducer Quantity:

4

Transducer Type:

Headphone

Electrical Transmission Type:

Wire

Joint Electronics Type Designation System Item Name:

Master station

Special Features:

Weathertight rfi shielded enclosure connects up to 3 mobile radios

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

T20100
