General Description:

Component quantity, board printed circuit 1, screw machine 4, washer lock no 4 18, washer flat no4 18, module assembly terminal 5, insulator connector 1, resistor 1, capacitor 6, transformer 6 semi-conductor device jan in3595 6semi-conductor device in2071 18, relay 3, 5.750 in lg, 3.250 in w, 1.375 in h

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli
