Overall Length:

4.562 inches

Overall Height:

1.062 inches

Overall Width:

2.000 inches

Component Type And Quantity:

1 capacitor and 1 diode and 1 insulator and 1 printed wiring board

Special Features:

Mounting method: printed circuit; component quantity: 25

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A51110
