**Overall Length:**

4.562 inches

**Overall Height:**

1.062 inches

**Overall Width:**

2.000 inches

**Component Type And Quantity:**

1 capacitor and 1 diode and 1 insulator and 1 printed wiring board

**Special Features:**

Mounting method: printed circuit; component quantity: 25

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fig:**

A5110
