**Overall Diameter:**

2.875 inches

**Component Type And Quantity:**

1 detector and 1 stud

**Special Features:**

Mounting method: stub; component type and quantity: worm 1; component quantity: 3; fsc application data: sound recording and reproducing equipment

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A51110
