Overall Length:

2.188 inches

Overall Height:

0.875 inches

Overall Width:

1.797 inches

End Application:

Type no. Rd-92/ux

Component Type And Quantity:

1 base and 1 latch and 3 spring

Special Features:

Mounting method: slot; mounting configuration: one 0.4687 in.Dia hole and one 0.1875 in.W curved slot; component quantity: 5; usage design: application and/or function used to couple drum to drive synchronizing mechanism; fsc application data: facsimile transcriber drum

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A511I0
