Overall Length:

5.125 inches

Overall Height:

5.625 inches

Overall Width:

2.750 inches

Component Type And Quantity:

1 plate and 1 shaft and 2 stud

Special Features:

Component type and quantity: roller 1; component quantity: 5; fsc application data: sound recording and reproducing equipment

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A51110
