Overall Length:

4.500 inches

Overall Height:

2.188 inches

Overall Width:

2.250 inches

End Application:

Tp1510

Component Type And Quantity:

2 shaft

Special Features:

Component type and quantity: bell crank 1; component quantity: 3; fsc application data: sound recording and reproducing equipment

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A51110
