Overall Length:

5.250 inches

Overall Height:

1.000 inches

Overall Width:

2.500 inches

Operating Speed At Rated Capacity:

1.200 centimeters per second and 2.400 centimeters per second

Electrical Power Source Relationship:

Operating

Usage Design:

Portable

Recording Method:

Magnetic

Recording Medium For Which Designed:

Tape

Special Features:

Built in microphone

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

T207-a
