Special Features:

Physical properties-static elec. Dissipation occurs naturally in chromium dioxide, color/blue tone jet black; magnetic properties-chromium dioxide, intrinsic coercivity/500 oersteds, head life/4000 hrs, retentivity/1600 gauss; performance-dropouts/20 per minute maximum average, stop motion/exceeding one hr, tape life/exceeding 2000 hrs, audio output uniformity/pgm 1 decibel, storage signal retention/greater than 10 years

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

T207-b
