Video Recording Tape - Page 1 of 1

View Online at https://aerobasegroup.com/nsn/5836-01-085-6897

Special Features:

T207-b

Physical properties-static elec. Dissipation occurs naturally in chromium dioxide, color/blue tone jet black; magnetic properties-chromium dioxide, intrinsic coercity/500 oersteds, head li e/4000 hrs, retentivity/1600 gauss; performance-dropouts/20 per minute maximum average, stop motion/exceeding one hr, tape life/exceeding 2000 hrs, audio output uniformity/pgrm 1 decibel, storage signal retention/greater than 10 years

years
Shelf Life:
N/a
Unit Of Measure:
Demilitarization:
No
Fiig:
