Overall Length:

14.375 inches

Overall Height:

5.188 inches

Overall Width:

10.625 inches

Ac Voltage Rating:

200.0 volts

Frequency Rating:

50.0 hertz

Frequency Response Range In Hertz:

+50.0/+12000.0

Electrical Power Source Relationship:

Operating

Recording Medium For Which Designed:

Tape

Special Features:

Phase alternation line (pal) video format; 625 lines; operating temperature minus 10.0 degrees c to plus 50.0 degrees c; monochrome or color operation; four-head design provides clean still play back

Unpackaged Unit Weight:

16.500 pounds

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T207-a
