**Overall Length:**

14.375 inches

**Overall Height:**

5.188 inches

**Overall Width:**

10.625 inches

**Ac Voltage Rating:**

200.0 volts

**Frequency Rating:**

50.0 hertz

**Frequency Response Range In Hertz:**

+50.0/+12000.0

**Electrical Power Source Relationship:**

Operating

**Recording Medium For Which Designed:**

Tape

**Special Features:**

Phase alternation line (pal) video format; 625 lines; operating temperature minus 10.0 degrees c to plus 50.0 degrees c; monochrome or color operation; four-head design provides clean still play back

**Unpackaged Unit Weight:**

16.500 pounds

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

T207-a
