Overall Length:

9.500 inches

Overall Height:

1.750 inches

Overall Width:

8.750 inches

End Application:

Aircraft, f-16

Wattage Rating:

10.000 watts

Voltage In Volts And Current Type:

240.0 ac

Special Features:

Video bandwidth 250.0 mhz; video input/output connectors

Functional Description:

Converts input sync to any output sync type

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli
