Ac Voltage Rating:

24.0 volts

Frequency Rating:

80.0 hertz

End Application:

Camera surveillance

Product Name:

Camera digital

Special Features:

Digital processing ccd color camera icd-84 (ntsc) ; accessories included are operation manual, c mount adapter, auto iris connector; power requirement is 24vac or 12vdc

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

T198-b
