Ac Voltage Rating:

120.0 volts

Frequency Rating:

60.0 hertz

Maximum Power Dissipation Rating:

3.4 watts

End Application:

Misc parts command x surveil lhd 0008

Electrical Power Source Relationship:

Operating

Phase:

Single

Special Features:

Light control mode; backlight compensation; adaptive black stretch feature; day/night function; auto-tracing white balance; back light compensation; automatic light control; electronic light control

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T198-b
