Overall Height:

10.600 inches

Ac Voltage Rating:

24.0 volts

Dc Voltage Rating:

24.0 volts

Overall Diameter:

8.600 inches

Electrical Power Source Relationship:

Operating

Case:

Not provided

Recording Method:

Electromechanical

Product Name:

Spectra iv se premier integrated dome system

Special Features:

23x low light, environmental pendant, light gray back box, clear lower dome; ntsc; multilingual on screen programming can be displayed in english, spanish, portuguese, italian, french, german, russian, polish, turkish, czech; capable of continuous 360 degree rotation; auto flip allows dome to rotate 180 degrees and reposition itself for uninterrupted viewing of any subject that passes beneath dome

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T207-a
