Overall Length:

3.000 inches

Overall Diameter:

0.500 inches

Mounting Configuration:

Terminal mtd

Gap Type:

Nonrotary

Electrode Material:

Steel

Adjustability Feature:

Not included

Special Features:

Breakdown voltage 6 kilo volts

Fsc Application Data:

Radar, nonairborne except fire control and guided missile

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

T208-b
