Overall Diameter:

0.435 inches

Mounting Configuration:

Terminal of in23b crystal inserts into 0.096 diameter slotted end and is held by spring tension of slotted segments

Material:

Copper

Material:

Copper

Surface Treatment:

Silver

Shape:

Cylindrical

Surface Treatment:

Silver

Fsc Application Data:

Transmitter-receiver radar search equipment except airborne

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

T208-c
