General Description:

Operating power requirements, ac, 3v, operational requirements 20 to 400 hz, temp, mc55.0/p75.0, moisture resistance, alt 10, 000 ft, shock and vibration resistance, electrical resistance, 295 to 300 ohms, 2.765 in. Lg, 1.350 in. Diameter front end, 0.390 in. Diameter rear end

Fsc Application Data:

Radar set, jetdstype no. An/tps43d mod

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli
