NSN 5840-00-567-9459

Radar Vertical Sensor - Page 1 of 1

View Online at https://aerobasegroup.com/nsn/5840-00-567-9459

General Description:

Operating power requirements, ac, 3v, operational requirements20 to 400 hz, temp, mc55.0/p75.0, moisture resistance, alt 10, 000 ft, shockand vibration resistance, electrical resistance, 295 to 300 ohms, 2.765 in.Lg, 1.350 in. Diameter front end, 0.390 in. Diameter rear end

Fsc Application Data:

Radar set, jetdstype no. An/tps43d mod

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli
