Overall Length:

2.312 inches

Overall Height:

0.062 inches

Overall Width:

1.250 inches

Component Type And Quantity:

1 socket

Special Features:

Major components and quantity: printed circuit board 1; mounting method and configuration: screws, five 0.1875 inch diameter holes irregularly spaced

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A511I0
