Overall Length:

18.376 inches

Overall Height:

1.624 inches

Overall Width:

5.876 inches

End Application:

Ground navigation aids nav aids projects

Component Type And Quantity:

1 housing

Special Features:

Additional components-connector, capacitor, shield, cover, te

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A51110
