General Description:

Material aluminum, electrical data 120 vac, 400 hz, single phase, 48.000 in. Diameter by 6.0 ft h, two motor driven actuators stabilize the roll and pitch gimbals thus maintaining the pedestal in a horizontal plane, pitch limits minus 3 degrees plus 3 deg, roll limits plus or minus 10 deg

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli
