Component Type And Quantity:

3 capacitor and 2 chassis and 1 housing and 3 meter and 3 power supply and 2 printed wiring board and 6 receptacle and 3 resistor and 1 shunt and 2 transformer

Special Features:

Major components and quantity: insulator standoff 1; panel grid pulser 1; receptacle assembly 1; spark gap 1

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A51110
