End Application:

Sa-2156, an/sps-6 (v)

General Description:

Cstainless steel case, voltage 125 vac, current 10 a, overload 50 operations, 30 amp, 125 vac resistive, ambient temp range 0 to + 55 degrees c, relative humidit (at 55 degrees c) 95 deg, water proofing drip proof

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli
