End Application:

An/tps-75

Component Type And Quantity:

2 housing and 2 transformer and 2 inductor and 3 connector and 4 printed wiring board and 2 switch and 2 arrester and 1 capacitor

Special Features:

This unit is modified from nsn 5840-00-162-1231, p/n 571f318g01 to install 4 new brackets on tank frame for new transformers

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A51110
