End Application:

Navigation radar system, u s pixel corp

Display Type:

Cathode ray tube

Diagonal Display Size In Inches:

19.0

Special Features:

Vdu monitor assembly includes high voltage power assembly, hvps cable assembly, crt socket and braid/cable assembly, video/deflection pcb assembly, video/deflection power cable assembly, 19" crt and yoke assembly, power regulator transistor, power reg socket and cable assembly, horizontal output transistor and horiz output trans socket/cable assembly

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A506z0
