Ac Voltage Rating:

120.0 volts 1st operating power rqmt and 208.0 volts 1st operating power rqmt

Frequency Rating:

60.0 hertz 1st operating power rqmt

Electrical Power Source Relationship:

Operating

Transmitter Channel Quantity:

1

Phase:

Three 1st operating power rqmt

Special Features:

Op freq 9000/9160 mhz; 80 kw peak power; pulse width 0.2 microsec; functions as a par radar set for precision approach control during gca aircraft landing ops

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

T208-a
