Case Material:

Plastic

Maximum Voltage Rating In Volts:

16.5 dc

Inclosure Type:

Encased

Terminal Location:

Back

Power Source:

External

Terminal Type And Quantity:

1 connector, receptacle

Maximumlength:

70.0 millimeters

Maximumwidth:

127.0 millimeters

Maximumheight:

38.0 millimeters

Product Name:

Bee iii traffic radar, ka-band, single-antenna, turkey

Special Features:

Detection speed up to 334km/hr

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A31700
