Overall Length:

2.500 inches

Overall Diameter:

2.438 inches

Accessory Components And Quantity:

Mounting ring 1; retaining ring 1

Eccentric Construction:

Not provided

Optical Element Quantity:

6

Optical Element Type:

Single lens

Material:

Aluminum

Fsc Application Data:

Radar set, airborne, except fire control and guided missile

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T271-j
