Overall Length:

3.703 inches

Overall Height:

1.250 inches

Overall Width:

3.296 inches

Component Type And Quantity:

4 capacitor and 1 diode and 24 resistor

Special Features:

Mounting configuration: four holes 0.147 inch diameter located on 2.922 inch by 3.328 inch centers

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A51110
