**Overall Length:**

3.953 inches

**Overall Height:**

0.750 inches

**Overall Width:**

2.312 inches

**Component Type And Quantity:**

7 capacitor and 1 choke and 8 diode and 20 resistor and 3 transistor

**Special Features:**

Mounting method and configuration: four holes 0.147 inch diameter located on 1.938 inch by 3.328 inch centers

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

Yes - demil/mli

**Fig:**

A511I0
