End Application:

E-3a awacs

General Description:

Dpeak power rating, 0.3 watts, vswr 1.2, input impedance, 50 ohms, input overload, 300 percent, voltage output, 10 volts maximum each range, operating temperature, -54 degrees centigrade to 71 degrees centigrade

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli
