Overall Length:

2.500 inches

Overall Width:

1.130 inches

Component Type And Quantity:

1 nut and 1 plate

Special Features:

depth: 0.125 inch; mounting method and configuration: unthreaded holes; four 0.140 to 0.146 inch diameter countersunk mounting holes on 2.040 inch center to center along length and 0.620 inch center to center along width and 1.852 inch along length, countersunk 0.240 by 100 degrees

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A51110
