End Application:

L3 communications

Product Name:

Multi-mode radar, silent knight

Special Features:

Airborne multi-mode radar intended to replace current an/apq-174b, an/apq-186, and an/apq-170 radars to provide enhanced capability to multiple military aircraft; primary radar modes are: weather detection, terrain following, terrain avoidance, ground map, air-to-ground range, maritime vessel detection, skin paint, turbulence, and wind shear; esd and emi

Functional Description:

Give enhanced capability to penetrate denied airspace by providing highquality navigation aids while avoiding detection and identification

Precious Material:

Gold and silver

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fiig:

T208-a
