Product Name:

Quad-core 2u passive processor

Special Features:

Cpu socket type is lga 771; clovertown core; quad-core; xeon e5335 model; operating frequency is 2.0ghz; fsb is1333mhz; l2 cache is 2 x 4mb; manufacturing tech is 65 nanometers; 64 bit support; virtualization technology support; multimedia instruction of mmx, sse, sse2, sse3, em64t; thermal power 80w; included heatsink cooling device

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No
