**Overall Length:**

15.200 inches

**Overall Height:**

7.600 inches

**Overall Width:**

4.900 inches

**Special Features:**

Power requirements: 28v dc version and 115 v ac version , standby mode: 40 watts maximum , active mode: 85 watts maximum , external circuit breaker rating: 8a at 28v dc and 5a at 115v ac, operation temperature: -55 degrees celsius to +70 degrees celsius , altitude: sea level to 70, 000 feet, decompression 8, 000 to 70, 000 feet, receives interrogations on 1030mhz, transmits interrogations on 1090mhz

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

Yes - demil/mli

**Fig:**

T199-d
