Criticality Code Justification:

Feat

Product Name:

Intermediate frequency microwave integrated circuit

Special Features:

Function of this item is critical for the operation of the alr-69a radar warning system. Next assembly: g719050, used on an/alr-69 (v)

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A23800
